

38304-91-5 Hair Loss Powder 99% Minoxidil Ru58841 Powder Antihypertensive

Our Product Introduction

Basic Information

- Place of Origin: Guangzhou, China
- Brand Name: Xinzhou
- Certification: COA,GMP,CQC,SGS
- Model Number: 9004-61-9
- Minimum Order Quantity: 1kg
- Price: Negotiate
- Packaging Details: 25KG/drum
- Delivery Time: 1-3 work days
- Payment Terms: T/T advance, Bitcoin ,western union,Bank transfer
- Supply Ability: 500kg per week

Product Specification

- Name: Minoxidil
- CAS: 38304-91-5
- Molecular Formula: C9H15N5O
- Purity: 99%
- Color: White
- Appearance: Crystalline Powder
- Package: 1kg/Package
- Molecular Weight: 209.25
- EINECS NO.: 253-874-2
- Storage: Hygroscopic, -20°C Freezer, Under Inert Atmosphere
- Highlight: **38304-91-5 Hair Loss Powder ,
% Minoxidil Ru58841 Powder ,
Hair Loss Powder 99% Minoxidil**

Product Description

38304-91-5 Hair Loss Powder 99% Minoxidil Ru58841 Powder Antihypertensive

What is Minoxidil?

Minoxidil is an antihypertensive vasodilator medication and is used to treat hair loss. It is available as a generic medication and over the counter for the treatment of androgenic alopecia, a form of hair loss, in men and women.

Minoxidil uses

Minoxidil, applied topically, is widely used for the treatment of hair loss. It is effective in helping promote hair growth in both men and women with androgenic alopecia.[5] About 40% of men experience hair regrowth after 3-6 months.[6] Minoxidil must be used indefinitely for continued support of existing hair follicles and the maintenance of any experienced hair regrowth.

Minoxidil Indications

Minoxidil is a type of oral drug that is clinically used to lower blood pressure, and it is also called Loniten diamine. Minoxidil is an antihypertensive drug that is clinically used to treat intractable, primary or renal hypertension. It can also be used to treat severe hypertension that does not respond well to other antihypertensive drugs, but it needs to be used in combination with diuretic drugs to prevent water and sodium retention, and combined use with beta receptor blockers may increase its curative effects and reduce adverse effects. Minoxidil is also used to prevent grease-type alopecia and on livestock.

Minoxidil Chemical Properties

Minoxidil is an antihypertensive vasodilator medication also claiming to slow or stop hair loss and promote hair regrowth. It is available over the counter for treatment of androgenic alopecia, among other baldness treatments, but measurable changes, if experienced, disappear within months after discontinuation of treatment.

Minoxidil was first sold as a drug for high blood pressure and was noted to have the interesting side-effect of increased body hair-growth, or in some cases, significant hair loss. Treatments for baldness and hair loss usually include a 5% concentration solution that is designed for men, whereas the 2% concentration solutions are designed for women.

Product Name	Minoxidil
Purity	≥99%
Appearance	White Crystalline Powder
CAS NO.	38304-91-5
Molecular Formula	C ₉ H ₁₅ N ₅ O
Molecular Weight	209.25
Storage	Store in cool and dry places, keep away from strong light.

EFFECT COMPARISON BEFORE AND AFTER USE

EFFECT OF 3-6 MONTHS

Recommended usage time: 3 ~ 6 months

Centralized use, 2 times a day,

Use for 3-6 months,

The scalp environment was improved and hair loss was reduced;

The first step

The hair growth cycle is disturbed and the hair roots are fragile,
In the resting period, the hair is thin and easy to break
The body itself contains protection and enhancement of hair
Too few thiocyanat during the growth process

Step 2

Inject radicals that resist factors that inhibit hair growth
Activation and enhancement of hair root cells
Regulating all links of germinal action,
Normalize hair growth.

Step 3

Continuous and effective remission and cure of various factors
affecting hair growth. It can activate and stimulate the growth
and division of hair root cells, 3 months later, the effect is obvious.

Minoxidil is clinically used as a potassium channel opener, which can directly relax vascular smooth muscles and has a strong arterial expansion effect, which reduces peripheral resistance and blood pressure, but has no effect on volume vessels, so it can promote venous return. At the same time, due to the effect of reflex regulation and positive frequency, cardiac output and heart rate can be increased, but it does not cause orthostatic hypotension.

Minoxidil, when used for hypertension, is generally reserved for use in severe hypertension patients who can not respond to at least two agents and a diuretic. Minoxidil is also generally administered with a loop diuretic to prevent sodium and potassium retention. It may also cause a reflex tachycardia and thus is prescribed with a beta blocker.

I Company Profile

Xingtai Xinzhou Technology Co., Ltd.

Xingtai Xinzhou Technology Co., LTD.

Xingtai Xinzhou Technology Co., Ltd. was established in 2022 with strong research and development capabilities and superb synthesis technology, as well as advanced quality control measures. Effectively promote the joint venture and cooperation with the major enterprises, manufacturers, with the idea of industrial development to serve the society and the majority of users. We always adhere to the market demand as the orientation, constantly synthesizing new high-tech chemical products and medical intermediates, mainly exported to the United States, India, South Africa, Nigeria and other countries and regions, has a wealth of export experience, to ensure transportation safety, can let each customer as soon as possible to safely receive the goods.

I Our Advantages

Xingtai Xinzhou Technology Co., Ltd.

Rich Experience

Our company is a professional production leading factory in China in pharmaceutical area of many years.

Top Quality

High quality guaranteed, once any problem is found, the package would be reshipped for you.

Fast Delivery

We have in stock, so we can delivery quickly once payment is received.

Security Shipping

We guaranteed 100% safe shipment by special lines to different cities, and double custom clearance door to door.

Superior Service

We will give you warm after-sale service,if any question we will reply you within 8 hours.Sample test and OEM/ODM available.

Competitive Prices

Factory directly supply to clients,lower prices,more competitiveness.

Delivery Record
